RE: File #2004-01230

Dear Ms. Reil:

On December 15, 2005, personnel from the Department of Environmental Services ("DES") reviewed your file as it relates to the above referenced property, more specifically referenced on Town of Wakefield Tax Map 41 as Lot 9F (the "Property"). The purpose of the review was to determine compliance with RSA 483-B and applicable rules adopted under that statute, and specifically whether the deficiencies noted in the Letter of Deficiency issued to you on August 9, 2004, have been addressed.

As a result of this review, it was determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in the protected shoreland needs to comply with the standards set forth under RSA 483-B and the applicable rules. Please be advised that any work in any wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,
